PRODUCTS

SIGN FRAMES. SHIPPED TODAY.

Our Aluminum Single Rail Frame system is designed to accommodate your substrate with one bottom rail. This allows for the use of a contoured design at the top of the panel. We use our patent pending retainer block system to hold the top of the substrate inside the post.

- (2) 3" x 3" x 8' Structural Grade Aluminum Posts
- (2) Standard Flat Caps
- Bottom T-rail
- All necessary hardware
- Substrate not included

Please contact a representative for assistance or if you need more precise sizing options.
