The R1 Post + Panel Sign Frame System

4EVER PRODUCTS

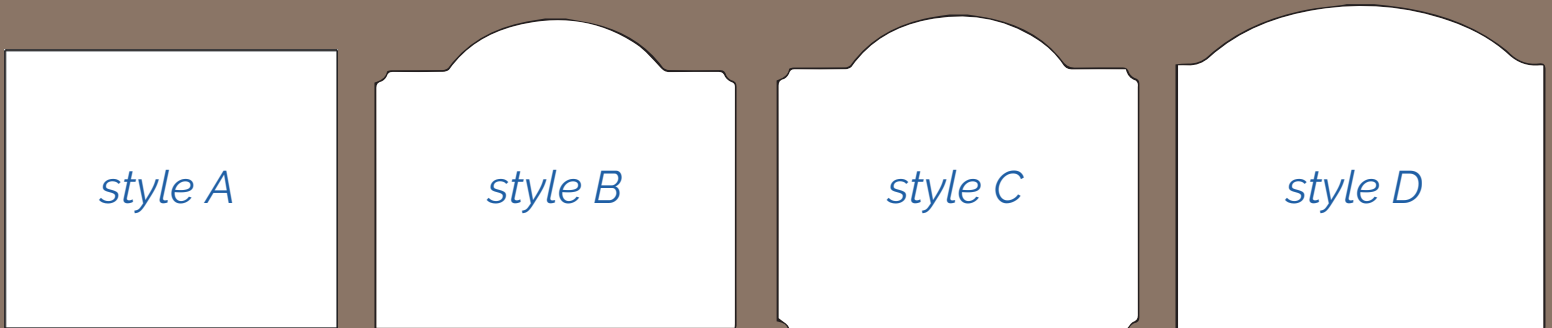

sign systems. shipped today.

This system includes the substrate (mill finish), two round (or square) 6' posts, and standard caps. The R1 System is the only sign kit that includes the substrate; you are able to choose from standard sizes and four shape styles.

- No tools required for assembly
- Rust free aluminum posts and panel
- Standard shapes and sizes ship within 3 business days
- Custom shapes available
- Rich, durable powder coated finish
- 3MM thick aluminum substrate ready to have vinyl applied
- Variety of components available to create a custom look

Please contact a representative for assistance or if you need more precise sizing options.
